Tangshan Hengnotaiye Import & Export Trading Co., Ltd.

Tangshan Hengno Taiye Import and Export Trading Co., Ltd. specializes in the production and trade of Hot-Rolled Coils/Plates, dedicated to delivering high-quality products and professional services to global customers.

Strategically located in Tangshan City, Hebei Province, China, the company is in close proximity to three major ports: Jingtang Port, Caofeidian Port and Tianjin Port. This superior geographical location ensures convenient transportation and efficient logistics, enabling fast delivery of goods worldwide.

In joint venture with Wuchan Zhongda Group(WZ GROUP), the company has built seven steel coil processing lines, boasting an annual processing capacity of 1 million tons. Its production processes include coil splitting and leveling. Such a strong production scale not only enhances its market competitiveness, but also allows it to quickly respond to customers' diverse needs and guarantee the timely supply of products.

Main Processes

1 Leveling Process:

The HR SHEET (Leveling Process) production line processes a wide range of specifications, with thicknesses from 1.3 to 25mm, widths from 1000mm to 2000mm, and lengths ranging from 2 to 12 meters.

2 HRC Splitting:

The HRC Splitting function allows one coil to be divided into two coils. The Splitting thickness ranges from 1.3 to 10mm, widths from 1000mm to 1500mm, with an inner diameter of 760/610/508mm.
