GOTSTYLE

As an athlete, Georgia spends hours training in high performance athletic apparel designed to power her on the track and in the weight room.

Off the track, Georgia was looking for a suit to match her style and meet her everyday needs. Enter Toronto's GOTSTYLE.

GOTSTYLE's team worked with Georgia to create a custom suit, designed to move with her using jersey fabric technology.

From lifestyle to formal wear, Robert John's team worked with GOTSTYLE to produce a photoshoot which captured the versatility of its custom suit.
