

Grant Evaluation Form

Sublette BOCES requires all grant recipients to complete an evaluation after the completion of their program(s). The evaluation is the most important component of the granting process, especially for those who request repeated funding. The evaluation is where the BOCES Board can see the “bang for the buck” of their financial support, especially in terms of helping reach their strategic goals. Your evaluations are reported to the Board at the end of each fiscal year.

Upon completion, submit the evaluation form via email to Robin Schamber, rschamber@sub1.org

Name of Organization/Title of Grant Request:
