Sorry, no corporate checks. Federal law requires that we request the following information:

Employer: _____

Occupation: _____

Federal law requires us to use our best efforts and report the name, address, occupation and name of employer. The maximum contribution is \$2,800 for individual --\$5,600 per couple -- per election. Federal law prohibits corporate contributions. Political contributions are not tax deductible as charitable contributions for income tax purposes.

An individual may contribute a maximum of \$2,800 per election (the primary and general are separate elections). By submitting your contribution, you agree that the first \$2,800 of your contribution is designated for the primary, and any additional amount up to \$2,800 is designated for the general election.

Meet Angela Roman

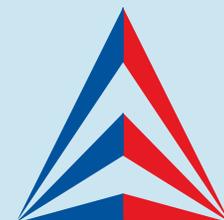

Angela Roman is a devoted single mother, successfully self-employed, hard working taxpayer, and proud Oregonian. She's not a professional politician. She is not owned by lobbyists or any special interest groups. Her causes are our causes.

Born in Salem, Angela is devoted to Oregon. She is raising her three sons here with a deep commitment to our core values.

Angela was taught early in life that her word is her bond and the value of hard work. She is a self-employed small business woman who has had nothing handed to her. Before starting her business, Angela worked in the Oregon legislature for one of the top conservative Republicans.

You can count on Angela to stand up for our shared conservative principles and protect our cherished American values:

- ✓ Government growth is dangerous. It limits our freedoms with the heavy burden of taxes.
- ✓ Life is precious gift and it must be protected. That includes the unborn.
- ✓ The Constitution is immutable, and of course that includes the 2nd Amendment.
- ✓ We are a nation of laws. Our country borders that must be respected.
