# R-BLADE

The weather changes, not your outdoor experience.

The weather may be hot, cold, or simply windy. But we can give you **control** over it.

Our R-BLADE is made to let you face the sun or block it out at your convenience—all thanks to its **adjustable louvers**. Accessorize with fans, heaters or screens and manage the temperature as you see fit!

It's more than just an **impeccably designed structure**, we give you the power to transform any outdoor space into an extended, relaxing living area **protected from the elements**. With family, friends or for romantic get-togethers, make your patio the stage for your most beautiful memories.

# R-SHADE

**A weatherproof outdoor all year long.**

You're having a wonderful barbecue with your neighbors when suddenly it starts raining. You have to pack up the party and head inside. Or the weather is too hot, and you can't withstand it. Sound familiar?

Well, it doesn't have to be that way anymore! With our insulated pergola R-SHADE, you can enjoy your outdoor space —and **never worry from the constraints of the weather again.**

Our R-Shade panels are an innovative and efficient solution against the harshest of climates. Stay away from rain, snow, cold and heat with the strength and unmatched insulation provided by our structures. We have designed the most effective product to **extend the pleasantest seasons** and with them, your outdoor life.

# COUNTRY CLUB

BOCA WEST COUNTRY CLUB - BOCA RATON, FL

Boca West Country Club, in Boca Raton, Florida, has cultivated a reputation for excellence in all areas of its operations — and the club's simulated golf driving range and café are no exception.

The club's redesigned 19th hole outdoor dining space, covered by an adjustable louvered-roof pergola. By upgrading its outdoor dining facilities, members are offered a new entertainment amenity that is available regardless of the weather conditions.

# COUNTRY CLUB

WYKAGYL COUNTRY CLUB - NEW ROCHELLE, NY

Wykagyl Country Club, a gated private golf club nestled in New Rochelle, NY, offers its members the ability to immerse themselves in nature.

The pergola's open design allows natural light to filter through the space and provides an ultimate lounge area experience with views of both the recreation area and golf course. This creates respite for golfers and club members during warm summer months.

# RESTAURANT

SOUTHERN TABLE KITCHEN - PLEASANTVILLE, NY

Southern Table Kitchen and Bar sets a new standard for farm-to-table cuisine in the South with the help of a pergola designed by Azenco.

In order to increase their outdoor seating capacity, our R-BLADE provides customers exclusive access to an all-season pergola with heating and cooling features. The louvered roof has fans that cool down the heat in summer while keeping guests warm outdoors during winter months thanks to its heating system!
