MADE IN THE USA & FRENCH TECHNOLOGY

It is a source of pride for us that our products are now made in the USA following our proven quality, reliability and authenticity process of manufacturing.

We design and manufacture our products in workshops equipped with next-generation, ultrahigh precision tools in both France and Florida.

Each step of the process is supervised and monitored by our technicians, right down to the smallest detail, and our design office can handle any requests for custom products.

ELEGANT & EASY TO USE

Azenco products combine technological performance and a taste for innovation, ensuring that they are the perfect fit for your home.

YOUR PRODUCTS DELIVERED & READY TO USE

We deliver our products nationwide and we only collaborate with the best professionals and technicians who received an appropriate training to ensure that your outdoor solution is set up according to Azenco's strict quality standards.

HIGH QUALITY MATERIALS

With louvered or static patio roofs, our products are available as a free-standing, lean-to or fully independent system.

15-YEAR WARRANTY

We offer to our customers a 15-year structural warranty, a 15-year powdercoat warranty and a 3-year warranty on electronic and motorization.

A CONSTANT GROWING COMPANY

Azenco is now the Top 2 leader in the outdoor covers industry in Europe and generated in 2019 \$45 million of revenues.

MODULAR & ADAPTABLE

—

BIOCLIMATIC LOUVERED PERGOLA

R-BLADE

OPTIMIZE YOUR LIVING SPACE

THE R-BLADE PERGOLA IS FULLY ADJUSTABLE
AND FITS TO ALL TYPES OF TERRACES

The bioclimatic louvered pergola by Azenco perfectly matches your outdoor space to fit in all housing styles: modern, contemporary or classic. R-BLADE protects from the sun in summer and allows the light and heat to penetrate in winter. Thanks to the air circulation between the louvers, natural ventilation is provided by R-BLADE. The louvers are waterproof. The water evacuation is almost invisible flowing directly into each post.
