

My Pain Alert™ Smart Toy Directions

1. Cut off side panel along dotted line. Continue cutting off end margins all around. You should have a square printed on 1 side.
2. Fold corners of square to center x so that corners of colored squares come together. Blank side should be inside when you are finished with Step 2.
3. Flip over and fold new corners to center. Numbers and stars should be facing up.
4. Fold square in half and crease, along x then repeat for opposite side.
5. Slide thumbs and index fingers under colored squares, bringing corners together and push and pull them apart to open and close the numbered sections.
6. Open numbers to reveal My Pain Alert™ Smart Toy relief ideas.
