Dover, N.H. 03820**

LEVELS OF SUPPORT

The goal of our organization is to provide continuing education to the clinical microbiologists throughout this region. Our annual meeting program presents nationally recognized speakers. Speaker topics are suggested by our annual meeting attendees. Final topics are selected by our Board of Directors in September every year. For the second year, we are partnering with Northeast Branch of ASM. Our meeting now has a broader appeal to all microbiologists, public health as well as clinical.

As always we are in need of funding to support our educational efforts. Your contribution will help us to support individual speakers; to provide refreshments during our breaks and/or social functions or to defray the general expenses incurred at a meeting of this size.

The NACMID Board of Directors welcomes and appreciates your help by recognition of companies who provide us with financial support in the form of: 1) an unrestricted educational grant; 2) full sponsorship of a speaker to include the cost of transportation, transfers, hotel, meals and honorarium; 3) full sponsorship of a luncheon; 4) full sponsorship of a coffee break; or 5) full sponsorship of the wine & cheese reception; In addition, your gift based on your contribution will place you in one of the following levels of support and its unique and highly useful benefits:
