# Thank You

Thank you for considering sponsoring our event. We aim to raise funds for impactful programs like Streets to Suites, which is a vital resource created to support law enforcement and government agencies when community members are experiencing hardships like homelessness and require immediate safe housing. Situations such as domestic violence, dating violence, stalking, human trafficking, natural disasters, house fires, burglaries, or assaults may necessitate our assistance. This initiative offers temporary shelter as a transitional option for families and individuals with children, or those facing serious medical issues. In addition to providing short-term refuge, we also offer support services and connect clients with essential resources to help them on their journey towards stability.
