

Mason Volunteer Fire Department – Monthly Report

Call Volume

This month, we responded to a total of eight calls, of which three were fire-related incidents. The remaining calls fell under medical and public service categories.

Recruitment & Training

Recruitment efforts are showing positive momentum, and we are excited to welcome new recruits who will begin their 16-hour initiation course at the end of the month. To strengthen long term capacity, several department members are pursuing instructor certification. This will allow us to conduct in-house training covering both EMR-level medical and fire instruction thus reducing the need to send personnel off-site.

Community Engagement & Accessibility

We have implemented a dedicated phone line to ensure open communication with the community. A firefighter will be available 24/7 to respond to inquiries and address concerns directly.

Final Note

Thank you for your continued support and patience as we work to rebuild and strengthen the Mason Volunteer Fire Department. We remain committed to safety, transparency, and serving our community with integrity.

David Wideman
