*An epic saga spanning a destroyed planet, ancient Mars, and prehistoric Earth, tracing a war between spiritual power and technological dominion that humanity has forgotten but is about to re-inherit. Grounded in science, known history, archaeology, and mythology; gaps filled with logical **and** plausible sci-fi / fantasy.*

BOOKS AVAILABLE NOW — THE FIRST THREE VOLUMES

BOOK ONE

The Rod of Truth

Four young heroes — Alex, Phelia, Mila, and Peter — navigate a world of danger and hidden truths as their intertwined destinies pull them toward their world's real history and the future of the Universe. A spiritual warrior, a runaway mage, a wilderness healer, and a young man who blends truth with deception uncover what their world has been hiding all along.

BOOK TWO

The Rings of Azimuth

After Peter's shocking betrayal, Alex, Mila, and Phelia — along with the occasionally helpful, always irritating KOSS — unravel the mysteries of the scepter's pieces while confronting the puzzling gaps between Adamah's recorded and observed history. Explosive adventures and confounding challenges await.

BOOK THREE

The Wings of Aeolius

Alex has awakened to abilities his teachers denied could exist; Mila is hunted for what she stole from TEKKA; Phelia learns that the gods' favor always comes with a price. As their paths converge, what began as a relic hunt reveals a war not for dominion over Adamah — but for the direction of an entire species. *Civilization has been edited before. More than once.*
