

Retirement/ Respite Options

The following is a partial list of some of the Residential Care Facilities in the Community that will provide Respite care depending on room availability. There are many more listed in the yellow pages. The prices and services offered vary.

Note:

- Respite care is arranged and paid by **YOU** the patient.
- Respite Care consists of basic needs such as room and meals. Other services available are PSW and nursing support.
- Respite Care should be arranged **PRIOR** to your surgery date. Connect with the facility of your choosing to acquire the paper work needed for your surgeon and/or Family Physician to complete
- It is important to inform your care team (nurse & therapist) of your plans post surgery.
- The facility may require a TB (Tuberculosis) test. Please check with the Retirement/Respite Residence, especially if you are planning on staying for more than 2 weeks.
- It is **your** responsibility to bring your physiotherapy equipment with you to the Retirement/Respite Homes do not provide it.
