

babes against the machine

Babes Against The Machine (BATM) is The World's ONLY All-Female Tribute to Rage Against The Machine!

All four members of Los Angeles-based BATM are seasoned, professional musicians who share a passion for the unbridled intensity of the band's music and the universal messages within their lyrics. Together, they bring unmatched energy, style and passion to their live performances to connect with audiences of all ages.

Babes Against The Machine brings crunching riffs and machine-gun vocal delivery to effectively recreate RATM's familiar massive all-out sonic assault, from the intricate, groove-laden bass lines of "Wake Up" and the "How did they do that?"-style of frenetic guitar work in "Testify", to the angry, passion-filled roars of the anthemic chorus in the crowd favorite, "Killing in the Name".

Empowered and unstoppable - Babes Against The Machine delivers the instantly-recognizable tunes, driving rhythms, and authentic hard rock-funk style of Rage Against The Machine wrapped up in a mesmerizing stage show that keeps both casual viewers and the most hardcore RATM fans dancing and singing along all night long.
