

## Client's Regimen for Home Care

---

A skin care program for \_\_\_\_\_ Date \_\_\_\_\_

Cleanse the face by applying about a teaspoon of cleanser, massaging over the entire face in circles for about 30 seconds and rinse with tepid water. Be sure no excess cleanser is left on the face.

\_\_\_\_\_  
\_\_\_\_\_

Once or twice a week, apply a mask on cleansed and toned skin. The mask should be applied with the fingertips to the thickness of a dime. Do not allow the skin to show through the mask. Leave the mask on the length of time recommended by the manufacturer and rinse the mask off with tepid water. Follow with a freshener again and follow the nightly treatment procedure.
