TRAVERSE

HIGH INTENSITY
TRAINING

Most Comprehensive Workout Available

With the side-to-side motion of the TRUE Traverse, users will get a workout that sculpts the core and lower body with a smooth motion for a better workout in less time. Unique programming features such as Cardio 360™ Workout encourage the activation of more muscle groups than a typical lateral trainer. The TRUE Traverse is manufactured with the highest quality components and rigorous testing to ensure a durable product for the busiest commercial facilities.
