Remember, new content is constantly being added to reflect industry trends and the needs of our Wellbeats users.

Today, 10% of all consumer fitness dollars are spent on on-demand subscriptions. And that number has grown 60% in the past two years.*

The way we're working out is changing, with more and more of us choosing to exercise privately—on our time and at our pace. That's why offering your guests a way to stream Wellbeats in their own room is such a unique, memorable value-add. It's a brand new way to engage guests and support their fitness efforts.
