

## TRUE® Performance 1000 Treadmill

Affordable Quality. Dependable Performance.

### Meet the TRUE Performance 1000 Treadmill

The **TRUE Performance 1000 Treadmill** offers affordable quality without skimping on premium technology and engineering for your home fitness needs.

#### Your Fitness Experience

Constructed with commercial-grade materials and premium components, so each piece of equipment feels and functions like a commercial machine.

#### Your Body Will Thank You

TRUE's FITX System offers a bio-mechanically correct running surface. Neoprene shock absorbers in the front of the deck cushion each foot strike, while the back of the deck provides a firmer sensation allowing for a stronger push off with every step.

#### Maximize Your Workouts

TRUE HRC allows you to enter your target heart rate for maximum results. Our one touch TRUE HRC Heart Rate Cruise Control™ allows you to use HR at anytime in your workout and will adjust speed and incline automatically once you hit your target HR.

Bluetooth® and Polar Heart Rate Compatible\*

Track your workouts using the GymTrakr App

HRC® Cruise Control gradually adjusts speed and incline to maintain a constant target heart rate throughout your workout

Includes Heart Rate Strap

The FITX System decreases impact and stress on your joints
