

## History of the Trackstars

The Mississippi Trackstars was founded in 2006 in Jackson, Mississippi by 3 former Jackson State University Track and Field Athletes, Jonathan "Country" Harris, Terry Estwick, and Cori Cloyd. The Mississippi Trackstars were founded under the desire to provide urban intercity youth with an opportunity and a resource to experience things outside of their normal everyday lives, while providing them with exposure to colleges for possible scholarship opportunities.

The initial class of Trackstars athletes consisted of 12 kids. Under the tenure of Coach Harris, the Mississippi Trackstars grew to 96 children in 2016. Throughout the years, growth, and success of the program the founding principles has remained steady which is to help provide exposure, prepare and mentor young men and women through their adolescent journey and beyond.

## Donation Information

As we continue to evolve our program, we ask for you to sponsor our team to help provide our children with the best experience possible. Donations will be used to purchase equipment, pay athletes fees, travel cost, uniforms and etc

## Thank You for your Support!!
