Shariah Compliant Arrangement available on all health plans.

^{*} Income verification will be conducted for the lower income bands. Income is considered as: The higher of the main member or registered spouse or partner's earnings, commission and rewards from employment; interest from investments; income from leasing of assets or property; distributions received from a trust, pension and/or provident fund; receipt of any financial assistance received from any statutory social assistance programme.

^{**} We count a maximum of three children when we work out the monthly contribution and annual Medical Savings Account, except when a child has been placed in the custody of a member, such as foster care, in which case every child on the membership will be counted.

Annual Medical Savings Account amounts displayed above reflects the upfront annual allocation for January 2026 and will be adjusted from April 2026 in line with the annual contribution increase.

*We count a maximum of three children when we work out the annual Medical Savings Account, except when a child has been placed in the custody of a member, such as foster care, in which case every child on the membership will be counted. If you join the medical scheme after January, you won't get the full amount because it is calculated by counting the remaining months in the year.
