Your guide to Medihelp's acute hospital network

At Medihelp, we are committed to providing high-quality healthcare that is convenient, affordable, and accessible for our members. We carefully select a network of acute hospitals through strategic partnerships with leading hospitals and specialists across all provinces. Our facilities are located where our members live, ensuring they receive the best care where and when they need it.

Please note: *Network options are designed for affordability and may not suit members who need frequent hospital care or a wider choice of providers.*

Hospital networks: How access works

To help keep contributions affordable, Medihelp uses a structured acute hospital network.
Each network plan provides access to specific hospitals:

- **MedMove! and MedVital Elect** give members access to a defined group of hospitals suited to essential healthcare needs.
- **MedAdd Elect and MedReach** expand hospital choice for greater flexibility.
- **MedPrime Elect** provides access to the full range of acute hospitals in the network.

To avoid co-payments of up to 35% of the hospital account, members on network plans should use hospitals allocated to their plan.

Where can you authorise admission?

- Member Zone/Medihelp app
- Phone: 086 0200 678
- Email: hospitalauth@medihelp.co.za
