BENEFIT BOOSTER

GET UP TO R12 000* IN EXTRA BENEFITS TO PAY FOR OUT-OF-HOSPITAL CLAIMS

What is the Benefit Booster?

It's an additional benefit amount that can be used to pay for eligible out-of-hospital claims once activated.

What does it cover?

Once activated, out-of-hospital claims like GP visits, acute and over-the-counter medicine, blood tests, X-rays and more, will first pay from the available Benefit Booster amount, helping your savings or day-to-day benefits last longer.
