About Turning Point

Turning Point Sober Living and Transitional Housing Inc. is a veteran-owned, not-for-profit facility dedicated to helping veterans, their family members, and others begin their journey to recovery. Since opening our doors in October 2023, we have provided a safe and supportive environment for those overcoming addiction, offering a range of services to help them rebuild their lives. Many of our clients arrive with little more than hope, often unable to afford the up-front costs of recovery programs. With a waiting list of veterans, veterans' family members, and others eager to start, your support can make an immediate difference. Funds raised will go directly toward covering weekly program fees for those who cannot pay, easing their financial burden and allowing them to focus on healing. Some clients only need a little help to get started, while others require more sustained support as they work toward independence. Our impact is already clear: eleven clients have regained their driving privileges through our transportation program, including one who went 32 years without a license. Others have found employment, reunited with their families, or secured their own housing. Some have even become Peer Recovery Support Specialists and Wellbriety Instructors, giving back to the community that supported them. With your help, we can continue to offer housing, transportation, treatment, recovery programs, job placement, and training to those who need it most.
