In that capacity, I have seen the many changes, both good and bad on the island. Prior to restaurant ownership I worked for a local home builder. These experiences have allowed me develop an understanding and a mindset of the importance to protect our beautiful island we all call home. I am invested in the community and really enjoy serving and helping where ever I can.

Describe the area(s) of expertise / contribution you feel you can make to further the mission of the Association: I have spent the majority of my adult years problem solving and helping clients, guests, friends, and families experience the joy that is Hilton Head Island, specifically North and South Forest beach area. I'm currently raising my family here and look forward to watching my own children to do the same. With that in mind, I love the mission of the association of working in harmony to achieve it's goals.

Why are you interested in serving as a board member for the Forest Beach Owners Association?

As stated above, I am a business owner and spend most of my time in the Forest Beach area. I care deeply about protecting the area and making it a safe and responsible place to live, work, play etc. I am raising my family here and feel it is my responsibility to preserve the integrity and beauty of our island for future generations.

Please share any other information you feel important for consideration of your application to serve as a Forest Beach Owners Association Board member: Working with residents and tourists over the last 20 plus years has given me valuable opportunities to learn how to accommodate and work well with others. It has taught me the patience, perspective, and the ability to recognize pertinent issues and to work in harmony to resolve problems of all kinds.
