Contracts Management Enterprises, LLC (CMENT) is committed to listening to understand each client's vision and objectives, then adopt these as our own, to deploy our resources to aid in achieving their goals with measurable results.

Government Enterprise Services: Our team of certified acquisition (FAC-C, DAWIA Contracting, and Program Management certified) professionals are skilled in providing full lifecycle acquisition (*pre-award & post-award* including *contract administration and contract closeout*) to federal clients. We also provide *acquisition policy and process development* services to ensure FAR compliance and efficiencies in the acquisition office. We also prepare clients for handling acquisitions during a presidentially declared pandemic or emergency situation. Our *Grants* Team supplements our Government clients with ensuring **2 CFR 200** adherence in the solicitation, award, administration and closeout of grants. Our teams guide grantees via kick-off meetings & site visits to ensure compliance with grant terms.

Commercial Enterprise Services: We provide *full-scope proposal development* services based on the Shipley methodology, tailored to fit each client organization. We provide full service proposal management including full virtual team collaboration or the proposal professional needed for the development of compelling and compliant technical and price proposals in response to commercial, federal, state & local government solicitations (RFx, Sources Sought Notices & more). We also specialize in professional training to help our clients invest in the development of their teams to achieve their organizational outcomes. *Our clients are our focus.* Therefore, our management consulting services are tailored to meet each client's vision.
