

Mathematics Book Club

Join us for a discussion of a popular mathematics book written for the general public.

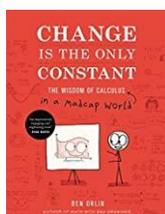

Here's a sample of the books our club has read and discussed over the last year:

- *Mathematics for Human Flourishing* by Francis Su
- *e: The Story of a Number* by Eli Maor
- *Math on Trial: How Numbers Get Used and Abused in the Courtroom* by Leila Schneps and Coralie Colmez
- *Moneyball: The Art of Winning an Unfair Game* by Michael Lewis
- *Math With Bad Drawings* by Ben Orlin

We meet on one Saturday of the month on Zoom, from 1 PM to 2 PM. If you get all or only part of the book read, you're still welcome!

On Saturday April 16, 2022 from 1 PM to 2 PM on Zoom, we'll discuss *Conned Again Watson* by Colin Bruce.

On Saturday May 14, 2022 from 1 PM to 2 PM on Zoom we'll discuss *Change is the Only Constant: The Wisdom of Calculus in a Madcap World* by Ben Orlin.

Email vwatson@gatewaycmc.org to sign up for the club!

GATEWAY is a non-profit organization committed to promoting the understanding and enjoyment of mathematics. Directors: Dr. Virginia Watson and Dr. Mary Garner
