ASSISTED LIVING & MEMORY CARE

A Protea Senior Living Community

THE WELLNESS EDGE®

The Wellness Edge is a new approach to Assisted Living care that emphasizes promoting good health as a preventative measure against illness, and also the concept of wellness: ensuring dietary and physical health.

At Vineyard Ranch the Wellness Edge differs from traditional assisted care that tends to treat senior care in terms of activities of daily living only related to medical conditions and disease. Wellness at Vineyard Ranch highlights the following:

**Eat Well • Sleep Well • Move Well • Play Well • Feel Well • Engage Well • Indulge Well
Rejuvenate Well • Connect Well**

Here, we have wellness programs that nourish the body and activities that create community. This approach extends to many services that exist to simplify your life eliminating some of your burdens while retaining your favorite pastimes and cherished routines.

Our passion is to create an environment where your well-being is at the center of everything we do. Vineyard Ranch offers a wide-range of services designed to meet your or your loved one's unique needs. No one senior is alike so we provide lifestyle options that meet your individual needs. We call this resident-centered care.
