Join us for a look at Frank Amos, a non-alcoholic and one of AA's most unsung heroes. If it weren't for Frank, would we be here?

Frank's introduction to the AA Story basically launched us into what we are today, from our earliest beginning. His advice and dedication throughout our development, has roots in all primary aspects of our fellowship, ranging from our Three Legacies to the structure of our organization - literally a life of service to helping Alcoholics Anonymous.

As a friend from Colorado says, "No Frank Amos, No AA"
