

DAY 8 – God Teaches Leaders to Make Hard Decisions

Preview

Leadership requires wise decisions when outcomes are uncertain. Learn how God invites leaders to seek wisdom, move forward humbly, and trust Him when clear answers are not immediately visible.

Scripture

James 1:5

Devotional

In wilderness and emergency environments, indecision often increases risk.

God does not promise perfect clarity. He promises wisdom to those who ask.

The wilderness places leaders in situations where options are limited and outcomes are uncertain. God teaches leaders to seek Him, weigh responsibility carefully, and move forward humbly.

Leadership is not the absence of fear.

It is responsible action in the presence of uncertainty.

Prayer

God, give me wisdom that goes beyond my experience and understanding.

Reflection

What decision is God asking me to bring before Him right now?
