

# DAY 12 – Your Wilderness Is Not the Destination

## Preview

The wilderness is not your final destination. Learn how God prepares leaders to move from training into purpose and step forward when it is time to carry responsibility and serve others well.

## Scripture

Deuteronomy 1:6–8

## Devotional

God told Israel they had remained at the mountain long enough.

The wilderness is where leaders are formed—but it is not where they remain.

There comes a moment when preparation becomes responsibility and training becomes action.

At W.I.L.D., leadership development exists so leaders can eventually step forward to serve, protect, and guide others when it matters most.

God prepares you carefully—and then He sends you faithfully.

## Prayer

Lord, give me courage to step forward when You say it is time.

## Reflection

Where might God be inviting me to take responsibility next?
