

DAY 11 – God Prepares Leaders to Walk With Others

Preview

Your wilderness experience is not only for you. Discover how God transforms personal hardship into compassion and guidance that equips leaders to walk others through their own difficult seasons.

Scripture

2 Corinthians 1:3-4

Devotional

God comforts His people so they can comfort others.

Your wilderness experience becomes training for future service.

In wilderness leadership development, training exists for one purpose—to protect others and guide them safely through difficult terrain.

God works the same way with life experience. Your story becomes someone else’s reassurance. Your survival becomes someone else’s hope.

God never wastes suffering.

Prayer

Lord, prepare me to serve others wisely with what You have taught me.

Reflection

Who might God be preparing me to walk beside in the future?
