

DAY 9 – God Builds Courage Through Obedience

Preview

God commands courage because obedience still matters when fear remains. Discover how repeated faithfulness in small steps builds the courage leaders need for future responsibility.

Scripture

Joshua 1:6–9

Devotional

God did not tell Joshua to wait until he felt confident. He commanded him to be strong and courageous.

Courage is not the absence of fear.
It is choosing obedience despite it.

In leadership and rescue work, courage grows through repeated exposure and responsible action. Each step forward strengthens confidence for the next.

God builds courage in leaders through consistent obedience in small, daily choices.

Prayer

Lord, help me choose obedience even when fear tries to hold me back.

Reflection

What small step of obedience is God inviting me to take today?
