## STYLISH WALL PANELS

# Industry's First Eco-Label Certified

Reduction of  
Global Environmental  
Pollution

Reduction of  
Hazardous  
Substances

Reduction of  
Indoor Environmental  
Pollution

## Special Features

PEBBLE Wall Panels are Eco friendly material, made of the same material as yogurt pot. PEBBLE Wall Panels ensure safe interior space with no sick house syndrome.

PEBBLE Wall Panels are waterproof and mold-resistant, making them ideal for humid areas. Made without harmful formaldehyde, they help create a safer and healthier indoor space.

The weight of the PEBBLE Wall Panel, with a 900 x 2900mm big slab size, is approximately 14kg, making it light weight.

PEBBLE Wall Panels are easy to install with a simplistic ship lap system with rabbet joint.

## FEATURES

100% BORER  
PROOF

100% WATER  
PROOF

8 MM  
THICKNESS

SEAMLESS  
PATTERNS

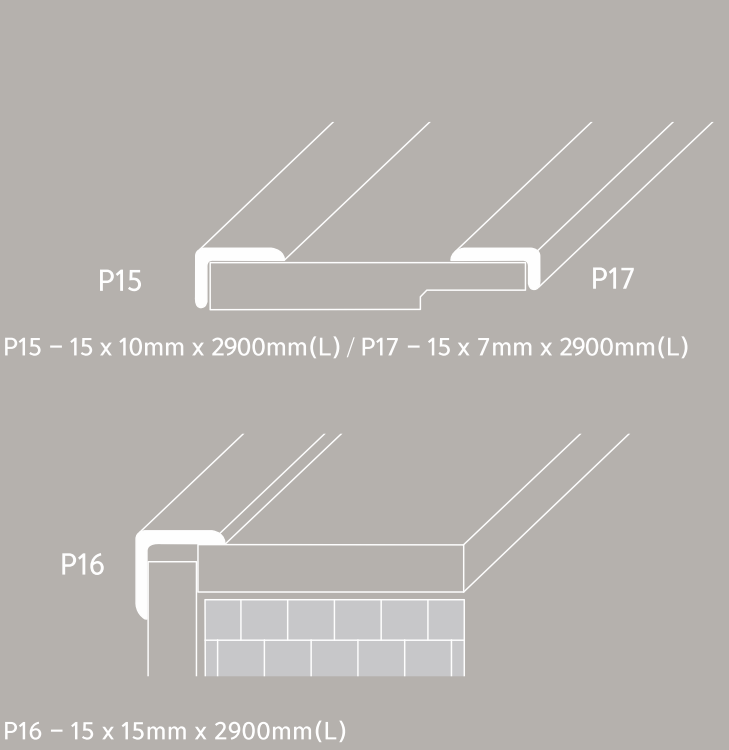

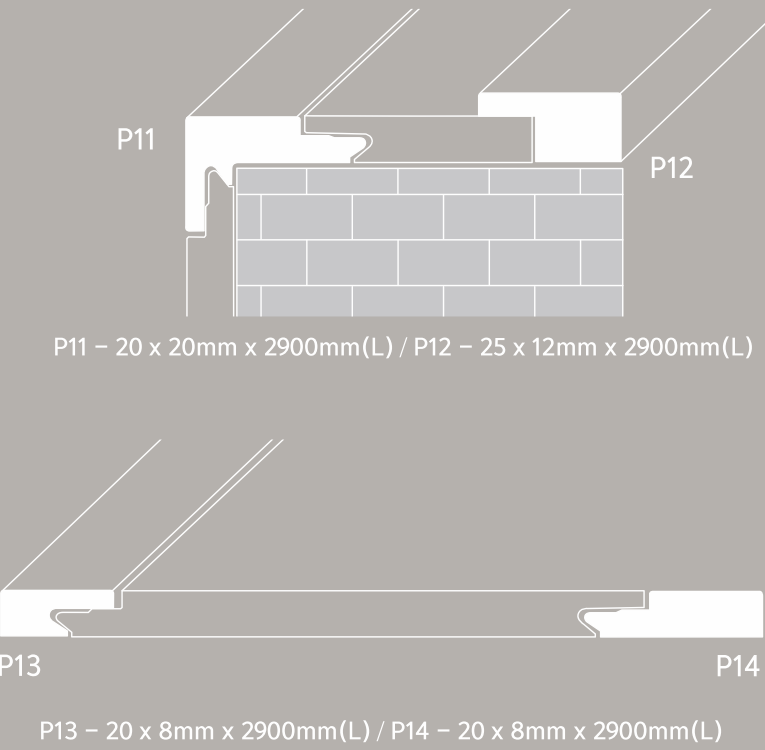

100% INSECT  
PROOF

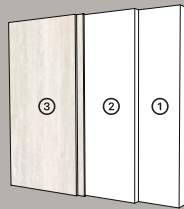

SUPERIOR & HIGH  
GRADE PANELS

## Joint & Cover Strips

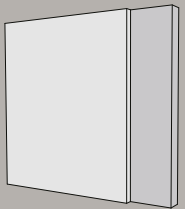

This drawing is to scale.

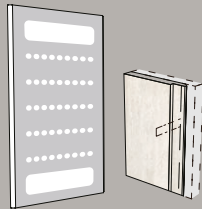

## Installation Guide

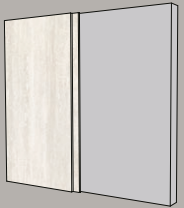

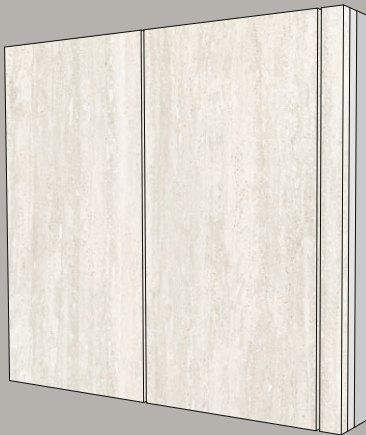

Installation on dry walls  
① Drywall surface  
② Plywood or gypsum board  
③ PEBBLE Wall Panels

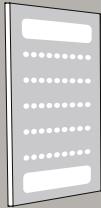

Install plywood or  
gypsum board on  
the wall

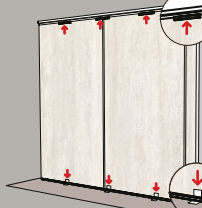

Apply adhesive to the back of the  
wall panels and secure with a staple gun  
① Apply adhesive in a zigzag pattern on the back of the panel.  
• Apply a generous amount on the top and bottom edges.  
• Use approximately 1 to 1.5 adhesive units per panel.  
② Attach the panel using adhesive and staples.  
• Use U-shaped staples or thread staples.

Installation on load-  
bearing walls  
① Load-Bearing Wall  
② PEBBLE Wall Panels

Apply adhesive to  
the back of the  
panel

Temporary fixing with a trim after installation  
After attaching the wall panel, use the black trim  
included in the box to temporarily secure the top  
and bottom until the adhesive sets. This helps  
keep the panel in place.

**Before Installation**  
PEBBLE Wall Panels in an indoor environment with a temperature of 21~26°C and humidity of 40~60% for at least 24 hours before installation. This allows the panels to adjust properly and helps prevent warping or deformation.
