

The **DocuBizz** service **digitizes** and **automates** the processing of ALL the **FUSION** customer's **vendor/supplier invoices**.

- With **DocuBizz** they can **automate the “busy work”**. The data entry, the purchase order matching, getting the invoice in front of the right person(s) for approval, the coding & automatic posting in their **FUSION** system.
- They get an instant **look up of any original invoice** + history too.
- They can do what they do today but **in half the time**, and with tighter cost controls on every single invoice.
- With a 15+ year track record, **DocuBizz** is delivered as a **ready-to-use cloud based service**, customized to their business, seamlessly integrated with **FUSION** at a **low and 100% transparent cost**.
- **More than 25,000+ users across 1,000 dealerships** already use **DocuBizz** every day to effectively and efficiently improve their AP process.

- **DocuBizz** is a lot less work and a lot less money - A truly **Managed Cloud Service**.
- **DocuBizz** service covers all the technically difficult and time consuming stuff - **it's all included**.
- **DocuBizz** is **NOT an IT project** - it's a one day effort - no maintenance - no storage costs.
- As a result the **DocuBizz** total cost of operation is lower, **100% predictable AND above the surface**.
