

(BLADE AND SHADE)

AFTERCARE INSTRUCTIONS:

Embarking on the journey of Blade and Shade permanent makeup with Michelle Vernon signifies a commitment to enduring beauty and meticulous after-care is paramount to safeguard this investment. Immediately following your initial appointment, allow the pigment to settle and the skin to heal by avoiding water, makeup, or skincare products for at least 24 hours. Utilizing the provided healing balm gently can aid in soothing the area and fostering optimal recovery.

In the ensuing days and weeks, refrain from activities that could compromise the longevity of your permanent makeup, such as excessive sweating, swimming, or prolonged sun exposure. Avoid picking, scratching, or rubbing the treated area to prevent irritation or pigment loss, and steer clear of harsh skincare products or exfoliants directly on the treated areas to prevent premature fading.

As your healing progresses, it's crucial to adhere to the after-care guidelines provided by Michelle Vernon. Attend your 8-week follow-up appointment diligently, as this session allows for any necessary touch-ups or adjustments to be made to ensure the optimal outcome of your Blade and Shade application. Beyond the initial

AFTERCARE INSTRUCTIONS:

follow-up, consider scheduling annual appointments with Michelle to maintain the vibrancy and definition of your permanent makeup over time.

In addition to the annual visit, Michelle may recommend other extended date appointments or follow-up treatments tailored to your specific needs. These appointments are instrumental in preserving the integrity and beauty of your Blade and Shade application, ensuring that your permanent makeup remains flawless and symmetrical for years to come.

Should you encounter any concerns or complications during your healing process or after subsequent appointments, do not hesitate to reach out to Michelle Vernon at (913) 514-4353. Michelle's extensive experience and dedication to client satisfaction guarantee that any issues will be addressed promptly and effectively, ensuring your continued satisfaction with your Blade and Shade permanent makeup. Remember, diligent after-care is key to maximizing the longevity and beauty of your permanent makeup, allowing you to enjoy stunning results for years to come.
