

Super Elite Pack Business / Duplication Plan

This plan will show you how to make over \$10,000 in a short period of time while, at the same time, building the right kind of organization to start creating ongoing monthly income. You will be close to the Platinum Elite Rank by completing this plan.

Now, to clarify, nothing here should be construed as a guarantee of income. This plan is entirely dependent on you and your personal efforts in completing the plan.

When people enroll in Rain, they can choose any of the packs for their starter kit, however this plan is based on you starting with the Super Elite Pack, and then bringing in other people with the same pack.

In order for it to make sense for someone ELSE to purchase the Super Elite Pack, it first needs to make sense to YOU, so that you can help others understand the advantages of the pack:

- You'll get the product at a discount and pay no technology fee for your app & website.
- It's enough product for you & your family to use as well as enough to enable you to share with others in promoting your business
- This pack pre-qualifies your account for 6 months, so you won't have any monthly subscription charges during that time.
- You'll save quite a bit on shipping charges.
- AND, very importantly, a bonus which is paid weekly based on the product sales and consumption in your organization, will be doubled for 180 days -- just about 6 months. This bonus is called the Dual Team Bonus and we'll discuss it a bit later.

So, let's take it a step at a time:

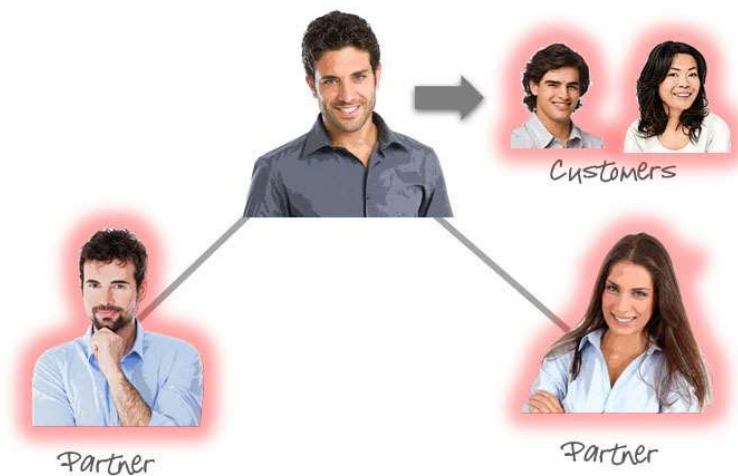

Step 1

You enroll with a Super Elite Pack

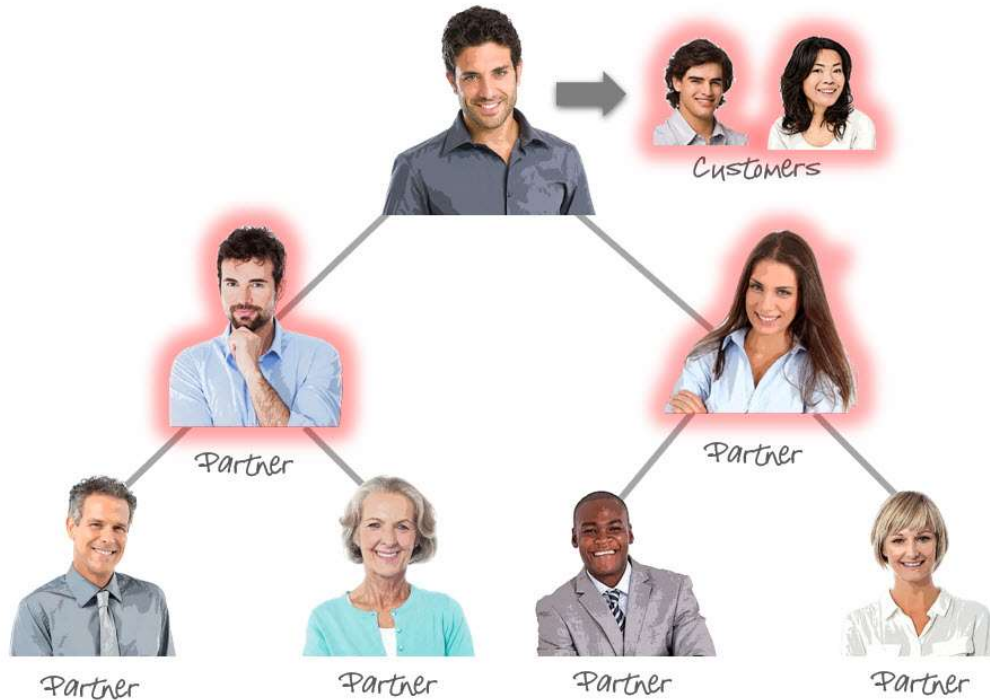

Step 2

Learn & understand the concept of a “Rain Partner Team:” A Rain Partner Team is started when you personally sponsor 2 Rain Partners and 2 Customers.

You complete the Rain Partner Team by helping your personally sponsored Rain Partners to each sponsor two Rain Partners themselves.

Step 3

Begin your first Rain Partner Team by personally sponsoring two Rain Partners with Super Elite Packs. The best practice to maximize compensation is to place one Rain Partner on your "Left Team" and the other on the "Right Team."

In doing so, you'll earn **\$1,200.00** in **First Order Bonuses**.

Then, personally sponsor two Customers. Customers buy product but aren't intending to build a business & don't earn commissions.

We'll assume for this example that each customer purchases one box of Soul. In that case, you'll earn an additional **\$40.00 Customer Bonus**.

Step 4 (and a WHOLE BUNCH of bonuses!)

You work together with your two personally sponsored Rain Partners to assist them in sponsoring two Rain Partners each themselves (also with Super Elite Packs).

You have now earned a total of \$1,640.00.

Assuming that you complete your Rain Partner Team within six months of the day the first person entered that team, you will earn an additional 15% of the commissionable sales

volume generated by those people when they first enrolled. In this case, they generated \$6,040.00 in commissionable sales volume. Fifteen percent of \$6,040.00 results in an additional Rain Partner Team Bonus of \$906.00.

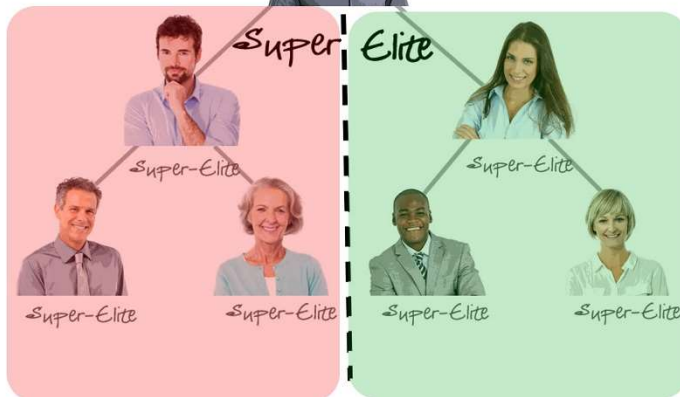

Added to the previous bonuses, that brings your commission total to \$2,546.00

Now it's time to discuss **the Dual Team Bonus** . . . because you've certainly earned one! The Dual Team bonus is based on the balance of the weekly ongoing commissionable sales volumes on your Left and Right Teams.

\$3,000.00  **\$3,000.00**

You've generated \$3,000.00 on your Left Team and \$3,000.00 on your Right Team. In the normal compensation plan, you are paid 10% of the left and right balanced number.

In this example that number is \$3,000.00. The normal compensation plan pays 10% of that number which is **\$300.00**. However, because you started with a Super Elite pack, that total is doubled for the first 180 days. In this case, **that doubles the bonus to a Dual Team Bonus of \$600.00**.

The running total of your commissions at this point is now **\$3,146.00**. But because of the sales volume your team has generated, you have also more than likely advanced to the rank of Senior Manager. In that case, you'd also earn a one-time **Rank Advancement Bonus of \$90.00**.

You've now earned **\$3,236.00**.

You've entirely **repaid your initial investment** (and you still have the product which has value!) **and you have profited by \$611.00 in straight cash.**

Now just repeat the process. Start another Rain Partner Team. Moving forward, every Super Elite Rain Partner Team you complete during your first 180 days will pay you an **additional profit of \$3,146.00.**

In addition to all the cash bonuses you earn by creating Rain Partner Teams, you also earn **FREE PRODUCT EVERY MONTH!** Each Rain Partner Team generates \$68.75 monthly in points you can use to purchase free product. You can earn a maximum of \$270.00 in points to spend on free product every month!

If you create 4 Super Elite Rain Partner Teams, you'll earn **\$10,049.00 in cash!** You'll earn the maximum free product every month (**\$3,300.00 in free product** over the course of a year!) -- and you will have set yourself up with a serious team to start generating ongoing residual bonuses.

At this point you're also very close to advancing in rank to Platinum Elite, which pays a one-time bonus of **\$700.00 . . .**

. . . and qualifies you for the Platinum Trip which is an all-expense paid trip for two to an exotic location!
