Dear Governor Desantis,

Alachua County nonpartisan citizens have:

- 1.) Challenged the GRU Electric Biomass Air Permit
- 2.) Challenged the PSC Need Determination for the GRU Electric Biomass Plant
- 3.) Forced a Sunshine Law Redo of the GRU Electric Biomass Contract
- 4.) Worked with Keith Perry and Chuck Clemons to pass a local & special bill to create a competent GRU Authority that you have appointed (HB1645, 2023)
- 5.) Worked with Keith Perry to obtain an unflattering operational audit of GRU.

Please exercise your appropriate powers to protect GRU ratepayers/stakeholders from a rogue Gainesville City Commission.

Sincerely,
Jim Konish
