ABOUT GSA

We are passionate about sport, travel, culture, character and people development and we do this by using the vehicle of sport. Sport has the power to change the world in a way that little else does.

Our main focus is to create sporting opportunities around the world that would ultimately lead to the holistic development (body, mind and character) of the player and the coach.

We are catalyzing sporting opportunities around the world as a tool to develop coaches and players holistically. We do this primarily through training high quality coaches and creating team travel circuits around the world.

CEO MESSAGE

Anshon Carolus

Nelson Mandela, declared that: “Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair. It is more powerful than governments in breaking down racial barriers. It laughs in the face of all types of discrimination.”

In South Africa, we've experienced the power of sport in uniting a nation. Today, we yearn for unity again and are working hard across the nation to develop coaches and players who doesn't only coach sport but they coach life!

We currently live in a VUCA world. A world that's volatile, uncertain, complex, and ambiguous. The world has become very complex and we need to adjust and be creative in how we develop the next generation of leaders. We are pioneering leadership development methodologies using the vehicle of sport in a fun and creative way.

Through sport we have the opportunity to develop players and coaches holistically. The days are gone where we could only develop the physical aspects of the game (e.g. skills development), today we need to follow a holistic approach where we develop the body, mind and spirit. This is what excites the Global Sports Academy!

THE GLOBAL COACHING EXPERIENCE

2023

Join us as we travel to lesser-known locations around the world to catalyze sporting opportunities and serve and coach sports people from all walks of life.

If you're passionate about sport, cultures, coaching and travel to less-known locations of the world, then this is the opportunity for you to connect cross-culturally and with other like-minded coaches and grow your coaching skills.

This is an amazing opportunity for coaches to develop their coaching skills in another country, to grow in their skills development but also as an individual by living in another country and learning more about their culture.

2023 Opportunities:

- Maldives - Football and Basketball (January & July).
- The Comoros Islands - Football (March 2023).
- Qatar - Football (August 2023).
- Egypt - Football (December 2023).
- Saudi Arabia - Cricket (November 2023).
