KINGDOM RESCUE

When we first started our non-profit organization the three of us were not ready for the overwhelming need of help with homeless animals in our region. What started off as a small dream quickly became a full-time operation with blessings, opportunities, and favor showered upon us and the animals we saved.

We are constantly grateful for the dedication and generosity of the people who have brought us to this point. From our willing fosters to our generous donors, we are blessed to be surrounded by loving individuals who are committed to our mission and showing the Father's love of mercy and compassion to animals in need.

IN HIS LOVE ~ MELISSA, ARI, JESS

To our donors who have paid for vet expenses, boarding, supplies and food: Your generosity has helped us save countless animals and provide them with the care they need to thrive. We are deeply grateful for your support, and we know that the animals we've helped would thank you too, if they could.

To all the wonderful people we have met in the last year: Thank you for your kind words, encouragement, and mercy shown to animals in need. Whether you've adopted an animal from us, fostered, or simply shared our message with others, your support means the world to us.

As we look back on the past year, we are filled with gratitude for the community that has supported us and the animals we've been able to help. With your support, we are excited to continue our work in the years to come, and to make an even greater impact on the lives of animals in need.

A message from our President

KINGDOM RESCUE

I first began my involvement in animal rescue in the late 80's, volunteering at shelters, taking care of strays, fostering, and rehoming. My passion has always been to help those in genuine need. As a social worker and special needs teacher, I saw the value of incorporating dogs and cats as means of comfort into my operational practices. The dream of doing more to help all God's creatures has been one that I have always pursued. In 2022, that dream became one step closer to realization with the advent of Kingdom Rescue. Kingdom Rescue would not be possible without my team, Jessica Dersen and Arielle Arias! I could not be more proud of my team and the work we have accomplished by God's grace. All glory to Him!

FUNDS RAISED

+\$22,643

GRANTS AWARDED

+\$15,000

VET EXPENSES

\$-20,601

Our greatest achievements in rescue are counted from the animals saved from euthanasia, dogs and cats sterilized and the people we impact along the way!

PROJECTS

DETAILS

OUTCOME

**Trap, Neuter,
Vaccinate,
Return (TNVR)**

Elvia Diaz and Sandra Michna led successful spay/neuter and transport of cats in our region

Over 200 cats were spayed/neutered in our region

Rescued and adopted into forever homes

Our sole mission is to save animals from death or keep them from living on the streets.

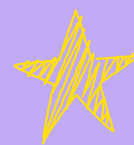

Over 41 dogs and 24 cats were adopted into forever homes

Public Outreach

We launched multiple public outreach events in Caldwell, Hays and Gonzales counties

8 public outreach events completed

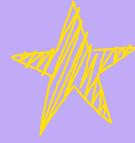

KEVIN

Kevin, a six-month-old stray kitten found in Lockhart, Texas, was our first tripod rescue. A good Samaritan found Kevin and contacted our friend Sharri Boyett, who connected us to help. When we picked up Kevin, his back left leg was injured and infected with nerve damage - likely from a car. He had an unknown skin condition and an upper respiratory infection (URI). Kevin's prognosis was antibiotics and a surgical removal of his back leg once he was healthy enough for surgery. Kevin fought for his life in our care. There were many days we weren't sure he was going to make it. However, Kevin pushed through and became a vocal, sweet siamese kitty he was always meant to be! Before being placed in his foster to adopt home, Kevin became a Facebook sensation, and his supporters asked for updates on him each week. We fell in love with Kevin and are grateful to donors such as Shadow Cats and others who contributed towards his vet bill. We also thank Dr. Hannah Wilson for getting him through his prognosis. Kevin is now named, 'Timothy' for 'God's Beloved.'

REGAL

2022

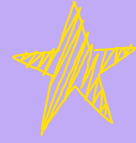

Regal, a dog pulled from the euthanasia list in Guadalupe County was heart worm positive and struggled with food aggression. Despite this, his adoptive parents worked with him and gave him a forever home, bringing joy to all involved in his rescue journey. Regal was transported all the way from Texas by Kingdom Rescue to his forever family, Chris and Elyse in Newnan, Georgia! We receive regular updates on his progress!

GINGER

2022

Before

After

Ginger was found locked in a horse trailer during the brutal (below 20 degree) Texas freeze that lasted for days in December. No covering, no heat lamps, no protection. She was left alone and neglected for over 9 months, controlled by a shock collar, by her previous owner. She was rescued and received emergency medical care, diagnosed with heart worms and suffered from a severe UTI. Ginger's cruelty case is a reminder of the neglect and abuse that exists in the world and the importance of supporting animal rescue missions. Ginger is now happily adopted with her forever family and brother named "Cash".

TRAP, NEUTER, VACCINATE, AND RETURN (TNVR)

The dedication and hard work of rescue volunteers, including Elvia Diaz and Sandra Michna (board member), have made a significant impact in Caldwell County by spaying and neutering over 200 homeless and owned cats. Similarly, Kingdom Rescue, with the help of many donors, have been able to fix over 25 cats from a colony of 44 cats in Luling through the Trap, Neuter, Vaccinate and Return (TNVR) program. These efforts not only address the issue of overpopulation, but also improve the overall health and well-being of these animals. Their compassion and commitment to animal welfare serves as an inspiration to others in their community and beyond.

THANK YOU JGI OUTDOOR ADVERTISING

A special thank you to Rachel Garay who designed our logo and billboard!

JGI Outdoors' generous donation of a billboard and 0.33 acres of land in Luling will have a significant impact on our rescue organization. The donated land will provide the organization with a permanent base of operations to house rescued animals, store supplies, and host adoption events. The multifunctional headquarters will be instrumental in ensuring that the organization can continue its mission to rescue and care for animals in need. The ability to quarantine new animals will help prevent the spread of disease and improve the overall health and safety of the animals in their care. The office space will allow for better record-keeping, which is essential for maintaining compliance with regulations and ensuring proper care of the animals. Finally, the ability to host pop-up spay and neuter clinics will help address the issue of overpopulation, reducing the number of homeless animals in the area. JGI Outdoors' contribution will make a real difference in the lives of animals and the community.

A THANK YOU TO OUR WATERMELON THUMP SPONSORS

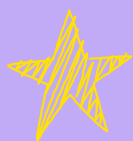

Thanks to Judah's Java Cafe and the help of the GROW Committee led by Debbie Marshall we were able to raise donations at the 69th annual Watermelon Thump in Luling, TX. This outreach event also allowed us to connect with hundreds of people on the importance of animal rescue and care.

WE COULDN'T HAVE DONE IT WITHOUT YOUR GENEROUS SUPPORT

Our 2022 impact report is dedicated to Sophie Lynn, a 10 year old German Shephard rescue, that was the matriarch and protector to many of our animals that came into our care last year. She will always be remembered. Rest In Peace, Sophie.

THANK YOU TO ALL OUR DONORS AND VOLUNTEERS
