

To guide people, challenge them, and nurture them on the journey of faith so that they become deeply committed followers of Christ—this is the challenge of discipleship. This seminar, based on the book “Stride: Creating a Discipleship Pathway for Your Church” by Rev. Mike Schreiner and Ken Willard, will equip you and your team to create a discipleship process for your ministry. Ken will share practical information and key learnings from his work with his home church, and many other churches of all sizes and types around the country.

Topics include: Prayer teams and prayerwalking, recommitting to our mission, evaluating our current state, establishing a discipleship process team, key elements of a discipleship pathway, communication, connections, coaching, and more.

God gives each of us the same 168 hours every week. Some of us seem to use that time with incredible efficiency and power. But for many others, this is an area of frustrating deficiency. Ken taught time management for years in the business world, and brings all of those concepts into this session with a more Spiritual focus and grounding.

Topics include: Our personal mission and vision, personal planning, setting SMARTER goals, prioritizing our work, productivity, creating new habits, ensuring we have margin in our lives, and more.
