

ARIZONA EDUCATION CADRE
JOANNE C. PHILLIPS

The Arizona Education Cadre, LLC provides training, mentoring, consultation and support to schools and educational agencies, both public and private. Special education laws, regulations and mandates make it critical that educators maintain cutting edge information. Our students with disabilities deserve highly trained professionals to meet their needs and help them learn.

Now is the time to prepare for next year by using training opportunities to establish effective programs and practices to work with students with autism in the regular education and special education classroom settings.

AUTISM, an extremely complex neurological disorder, occurs in 1 out of 59 children, but educators often have no tools to teach these challenging students. Schools and parents experience frustration and failure because of their inability to understand and teach children with autism; they don't know how to reach them.

This three-day seminar will increase understanding of children with autism and provide suggestions for classroom set-up, teaching interventions and behavior management strategies to enable greater success in school.

About the Presenter...

Svany Svavars Kristjansson,

an international autism consultant and lecturer, has worked with children and adults with autism for over 45 years, teaching, lecturing, and training in the U.S., Iceland, Scandinavia and Europe. She has worked as a clinical and a school-based speech-language pathologist, autism classroom teacher, mentor and consultant for all levels of children and adults with ASD, and has presented at numerous State, national and international autism conferences as a featured speaker. She received her master's degree in speech pathology from the University of North Carolina (UNC)-Chapel Hill and is an Advanced Certified Independent TEACCH Instructor and trainer for the PEP-3 and TTAP. She has also been trained as an ABA therapist, in SCERTS, PECS, PRT, and Greenspan Floor Time therapy.

**AUTISM SPECTRUM DISORDERS:
INTEGRATING THE STUDENT
WITH AUTISM**

This training is designed for general education and special education teachers, as well as related services staff, who work in inclusive, resource and self-contained settings with ASD students who have higher functioning academic skills. Focus is on understanding how the autism affects learning and ways to provide supports, physical structure, strategies, and interventions to enable more effective and significant learning within the general education classroom.

Objectives include:

- ❖ Understanding traits and characteristics of autism and the impact on learning
- ❖ Use of schedules, physical structure and visual supports to enable learning
- ❖ Use of motivation and engagement to direct learning (making the autism work FOR you!)
- ❖ Strategies and interventions to support development of reading, writing and math skills
- ❖ Use of social skill building strategies
- ❖ Use of communication strategies
- ❖ Problem solving behavioral issues
- ❖ Appropriate use of paraprofessionals
- ❖ Strategic use of related service professionals

Continental Breakfast (coffee, assorted teas, hot chocolate, pastries), lunch, snacks and bottled water are provided
