ARIZONA EDUCATION CADRE
JOANNE C. PHILLIPS

The Arizona Education Cadre, LLC provides training, mentoring, consultation and support to schools and educational agencies, both public and private. Special education laws, regulations and mandates make it critical that educators maintain cutting edge information. Our students with disabilities deserve highly trained professionals to meet their needs and help them learn.

Now is the time to prepare for next year by using training opportunities to establish effective programs and practices to work with students with autism in the regular education and special education classroom settings.

AUTISM, an extremely complex neurological disorder, occurs in 1 out of 65 children, but educators often have no tools to teach these challenging students. Schools and parents experience frustration and failure because of their inability to understand and teach children with autism; they don't know how to reach them.

This three day seminar will increase understanding of children with autism and provide suggestions for classroom set-up, teaching interventions and behavior management strategies to enable greater success in school.

About the Trainer…

Svany Svavars Kristjansson,
an international autism consultant and lecturer, has worked with children and adults with autism for over 45 years, teaching, lecturing, and training in the U.S., Iceland, Scandinavia and Europe. She has worked as a clinical and a school-based speech-language pathologist, autism classroom teacher, mentor and consultant for all levels of children and adults with ASD, and has presented at numerous local, national and international autism conferences as a featured speaker. She received her master's degree in speech pathology from the University of North Carolina (UNC)-Chapel Hill and is an Advanced Certified Independent TEACCH Instructor and trainer for the PEP-3 and TTAP. She has also been trained as an ABA therapist, in SCERTS, PECS, PRT, and Greenspan Floor Time therapy.

AUTISM SPECTRUM DISORDERS: STRUCTURED TEACHING MODEL LEVEL II

This advanced STM training is intended for practitioners who have attended the Fundamentals TEACCH-STM training and who have consistently and effectively implemented STM principals of physical structure, visual organization, schedules, work systems and tasks. The foundation of this advanced training will be to implement all 69 Goals of TEACCH.

Training will consist of lectures, demonstrations, analysis, discussion of video examples, and application of skills. Program outcomes include:

- ❖ Program choreography
- ❖ Coaching and supporting professionals
- ❖ Strategies to promote more functional communication
- ❖ Strategies and tools to promote independence
- ❖ Flexible seating in the classroom to provide for individualization
- ❖ Working with families and implementing structure in the home

Continental Breakfast (coffee, assorted teas, hot chocolate, pastries), lunch, snacks and bottled water are provided.
