THE HOLLY HUNT COLLECTION

I'm thrilled to introduce my newest collection for Holly Hunt, a collaboration that celebrates over twenty years of partnership with an iconic brand founded by the incredible Holly Hunt, often referred to as "The Grand Dame of Design." With showrooms in Los Angeles, Chicago, New York, Dallas, Houston, Miami, Washington D.C., and London, this collection reflects the elegance and timelessness that Holly Hunt embodies.

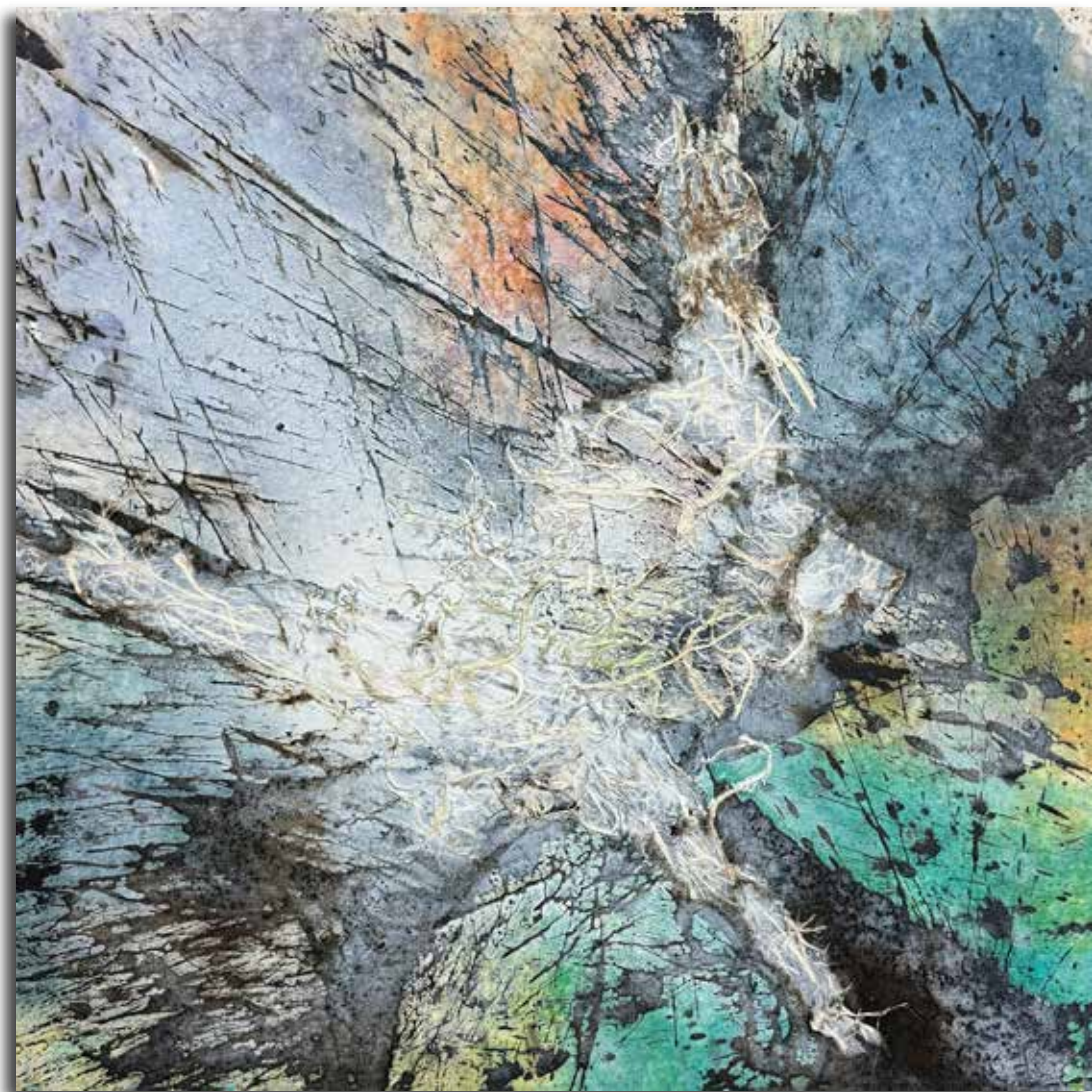

My work philosophy is a harmonious blend of "the ambition of true autonomy (making what I want—as I want) and the pure enjoyment of the craft. As a wise man once said, "I arise in the morning, torn between a desire to improve the world and a desire to enjoy the world. This makes it hard to plan the day." And I say, why can't I do both!

In this collection, my paintings emphasize the power of mindfulness, inviting viewers to engage with the calming sights and sounds that surround us. Each piece serves as a visual meditation, encouraging a moment of pause and reflection. By fostering tranquility through art, I aim to inspire persistent optimism—the golden road ahead. This unwavering belief in positive outcomes, despite life's inevitable challenges, becomes a canvas for resilience. Art has the unique ability to uplift and ignite hope, providing a sanctuary where individuals can fortify their spirits and embrace the beauty of the journey, no matter the obstacles. Each stroke and hue becomes a beacon of light, encouraging us to navigate life's adversities with grace and a hopeful outlook.
