# CASA DE GLORIA MINISTRIES

**BUILDING A FOUNDATION FOR THE NEXT GENERATION IN  
SAN ANDRES TUXTLA, VERACRUZ**

SEPTEMBER/OCTOBER 2006

Volume XI, Issue V

**SCHEDULE OF EVENTS**

**AT A GLANCE.**

**HAPPY BIRTHDAY**

JOHNK WRIGHT IV! Sept 18th

**NOVEMBER:**

- 1st Happy Birthday Sandy Warren
- 2nd Happy 48th Anniversary Calvin & Sandy Warren
- 1st-3rd Working in Villahermosa, Tabasco with team from North Carolina.
- 11th Youth assembly on Purity in Acayucan
- 18th & 25th Bazaar 7 am- 3 pm
- 18th Samaritan Ministry = Alcoholic outreach
- 18th Kingdom Conquerors Thanksgiving 6 pm
- 22nd -24th Pat takes Waterfall church to Cuernavaca, Morelelos for a general conference.
- 25th Bazaar 7 am -1 pm
- 26th Child Dedication service 9 am in Casa de Gloria
- 27th Health Clinic Ohuilapan 2:00pm
- 29th Health clinic and evangelistic movie set for Candalaria 2-8 pm

**DECEMBER:**

- 3 & 10 Bazaar 7 am-3 pm
- 4th Health Clinic in Xoliapan
- 13th Health Clinic in Texaltian
- 16th Samaritan Ministry = Alcoholic outreach
- 16th Happy Birthday Shirley Wright
- 18th Health Clinic in Ocelota
- 19 happy Birthday Calvin Warren
- 21st- Jan 4th Spend Holidays with family and friends in Louisiana.
- 25th Happy Birthday Jesus!
- 27th Happy Birthday Karen!

**SCHEDULE OF EVENTS:**

- The Tribes meet every Mon., Thurs. and Sat. 6 pm
- Bible School classes every Tues. & Wed. 12 pm
- English Class meets every Mon, Wed. and Fri. 6 - 7:30 pm
- Health Clinics Mon & Wed afternoons
- Hospital Visitation Fri. 3:30 pm
- Hour of Power Fridays 8-9 pm
- Samaritan Outreach 7 am one Sat. morning every other month
- Bazaars Saturdays 7 am -1 pm
- Recycling Saturdays 8 am-1 pm
- Sunday's Celebration service 9 am

## MEDICAL OUTREACH OPENS DOORSTO THE GOSPEL

We are excited about the door of opportunity that has opened to the gospel through the direct result of the medicine/hygiene class.. RN Nurse Tambra Cochran from Concord First Assembly of Concord, N. C. has traveled to many countries giving medicines to those in needs. She researched the need in our area, purchased the necessary tablets, took time off work, and came to fulfill the physical need of the local people in Mexico. She promised God she would bring his healing message and prayer to the world through her skills as a nurse, by bringing medicines and sharing her testimony of how God healed her son of blindness.

Over the 10-day visit we took the health program in

many of the villages and were received with open arms and invited to return again. One village leader in particular gave us an open invitation. It was a moment local pastor Alejandro has been waiting for more than 7 years. He has tried over the years to raise up a church in this area and because

of this health program, he has won favor and trust in their community.

the gospel has not been accepted yet, in hopes of using the window of opportunity to reach the people with the gospel and someday plant churches.

The team brought and donated 5 precious puppets; so we wrote a cute evangelistic script for them to tell the story of how germs affect our bodies, how to prevent them from harming us in the future while ministering the free gift of salvation. Karen used agar dishes acquired from Camp Living Water in Ms, with samples of the tap water and fingerprint impressions to illustrate that bacteria is everywhere and can harm us if we aren't careful. Bacteria galore were visible on the agar dishes and proved that our local tap water was unsafe to drink or cook with. The health program motivates the church to be a witness for Jesus and gets them involved in their communities all the while bringing a health awareness to the public. Thank you Tambra for sharing of your time, \$, and heart to touch the lives of those in Mexico with your obedience.

Although the team has since gone, Tambra has left the unused medicines with us to carry on the disbursements and teachings. Our first priority is to schedule strategic areas to administer the medicines and classes where

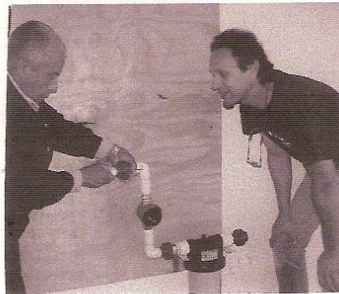

# PAT SETS UP 2 CLEAN WATER SYSTEMS

Pat had the honor of installing 2 water purification systems in two Mexican states. Apart from the one in our town, Missionaries It is our belief that the treatment plants will bless the people with better health. It is designed to provide good tasting potable drinking water at affordable prices. It is our hope to offer the purified water to the local

churches so they can distribute them to their communities also. The systems that are up and running in other parts of the world operate on

a minimum cost thus offering the savings onto the less fortunate. The community then comes to the

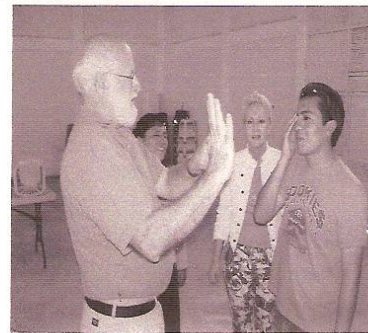

church looking for water and in return they get purified water and a taste of the Living Water as the church is able to minister and fulfill their physical and spiritual needs. Pat is holding classes to teach the nationals to operate and maintain the treatment plant in our town, so it can become a micro-business for the local church.

# MIRACLES AND HEALINGS FLOW FORTH

God did many miraculous things through Doris and Allen Tyndall and Tambra Cochran of First Concord Assembly of God, Concord, NC. We saw many eyes healed like both young men in the pictures. The young man to the right was blinded in his left eye and saw for the first time at the time this picture was taken. We also witnessed the lame walk. One boy of 8 years old had never walked & had faith to take a few steps for the first time in his life. The gift of healing flowed through the team as they prayed for people. They had a chance to pray over many in all the communities and saw 95% of the people healed. It was indeed a privilege to witness God's goodness as He touched and changed lives.

# BEN AND JEFF SPEAK TO KINGDOM CONQUERORS

Rev. Ben Holloway of Madisonville, KY and Pastor Jeff Fredericks of Washington, IN join the Kingdom Conquerors for two days. Each time they come they bring a refreshing and outpouring of the Holy Spirit. Jeff has a deep passion for God's presence and is deeply committed to promoting unity among all denominations. Evangelists like Ben and Jeff came and poured into the Kingdom conquerors the nourishment of the fresh Word of God which refreshes the soul and reinforced the bond between the local churches.

# PRAYER TEAM COVERED 3 MEXICAN STATES

A group from Concord First Assembly of God, NC, came in exactly one year from their last visit with us. Pastor Phil Bennett, Chemist Hans Wornner, Allen and Doris Tyndall of New Gate Ministries, and RN Tandra Cochran composed the team of 5 with a two

fold purpose. We arranged our schedules so we could transport them wherever the Lord would so lead. We met them in the State of Tlaxcala where they held medical/hygiene outreaches while Pat taught the men how to install the purification plant. We then broke up in two teams once we came into San Andres. The men went on a spiritual warfare assignment and the women did Med/Hygiene clinics.

The women gave out pills to rid the people of all ages of parasites and we taught on good hygiene practices so they can remain free and clean of the parasites that cause the majority of diseases and sicknesses here. Teaching them not to re-infect themselves by

their old habits was taught in a fun creative way. We also used testimonies, puppets, color sheets, fliers, and a demonstration of washing your hands properly with songs, and displaying germs grown in agar dishes. All the Hygiene teaching materials were obtained in Spanish while attending the Living Waters for the World training course in Mississippi in September. Allen and Doris Tyndall invited us to attend this course and with their church's help, purchased two water purification plants. We currently are waiting to final-

ize all the legalities before it's fully operational. But once the water purification system is up and running, we hope to offer purified water to people at affordable prices to help them remain free and clear of diseases associated with dirty water.

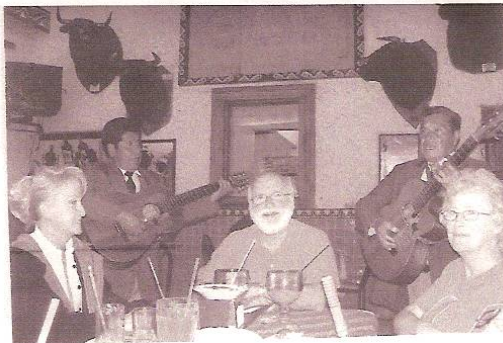

We did two clinics in our area of San Andres Tuxtla, two in La Barra, (fishing village on the Gulf), two by the Waterfall, and two in a small village community that has been closed to the gospel due to religious strongholds. Casa de Gloria is registered with the government as a civil organization which simply means we are a humanitarian organization looking out for the well being of the public. With this type of registration, we are able to go into the public school system and teach, not preach.

mission. The men hit the spiritual high places and accomplished their prayerful tasks victoriously. Their mission this trip stretched over three states and Mexico City. This was their second time in our area. We are hearing positive reports of areas they attacked last year that have been successfully destroyed. One particular area, according to a local witch, doesn't have the same power it once did and therefore the witches are forced to go elsewhere to do their work.

The team was honored to attend Citlaly's 15th Birthday celebration as shown in the picture above. She rescheduled her festive day to insure the groups' attendance.

But we can invite them to come to a later service in which they can hear the gospel message preached. A neat thing happened in La Barra, one classroom of Jr. High kids came to where we were instead of us going to them as was scheduled which gave us the freedom to share of God's goodness openly and publicly.

To see such a receptive and hungry crowd in each village was remarkable. We saw over 500 people in the state of Tlaxcala and 1000 + in our area! We were welcomed and invited back everywhere we went. And the other pastors in the Kingdom Conquerors are eagerly waiting for their turn in their village for a clinic. So our work schedule has already begun and we have yet to unpack! PTL!

## The Prayer Needs of the ministry outreach of the Warren Warriors:

1. Pray about "sowing seed" into our new building fund. We are believing for a bigger facility not just for Casa de Gloria because we are cramped but a large enough building that would benefit the whole community and area churches. Our vision is for it to be equipped with the state of the art electronic equipment and instruments so the local body of Christ will be blessed with a location to hold city wide conferences weddings, and other festive occasions.

2. Looking for new/nearly new garage sale items to put in our Mobile Bazaar.

The proceeds of the Bazaar will help us purchase a larger facility.

3. Pray for God to continue to supply new or nearly new musical instruments in great working condition, for Casa de Gloria's Celebration Service, i.e.. electric guitars; bass guitars; sound track tapes or CD's; music scores for keyboard or guitar; etc...and for God to send the musicians needed to play them.

4. Interested in obtaining a hardtop for our 1996 Suzuki Sidekick. The current vinyl top's zippers are broken and makes it easy for thievery, air and water to enter. It is believed that a GEO Tracker of the same year is compatible

5. Please pray about donating Span-

ish Christian books, videos and/or DVD's; Christian music tracts and CD's for our public lending library.

6. Small Digital Video Camera for making ministry presentations.

7. 1984 Blue Bird Happier Bus needs 20" tires, AC covers and a "Happy" paint job to go with it's name.

8. The 1989 White Ford Van needs 2 16" tires, new or used.

9. Sidekick needs 4 new 15" tires.

10. Need to replace windshield in the Old Ford white van. \$250.00 new or used.

11. We will be in LA for the 43rd WME Mission Conference, Feb 20-22,2007. If you would like us to speak in your church please contact us beforehand.

We are excited about the door of opportunity that has opened to the gospel through the direct initiation of medicine disbursement. RN Nurse Tambra Cochran from Concord First Assembly of Concord, North Carolina has traveled to many countries giving medicines to those in needs. She researched the need in our area, purchased the necessary tablets, took time off work, and came to fulfill the physical need of the local people in Mexico. She promised God she would bring his healing message to the world through medicines and her testimony if He healed her son and He did.

Over her 10-day visit in the states of Tlaxcala and Veracruz, Mexico we took the health program in many of the villages and were received with open arms and asked to return soon. We served over 1000 people in the San Andres Tuxtla region alone. One village leader in particular gave us an open invitation to return. It was a moment local pastor Alejandro has been waiting for more than 7 years. He has tried over the years to raise up a church in this area and because of this health program, he has won favor and trust in their community.

With Casa de

Gloria registered as Civil; it allows us to freely go into public places including schools, to present wholesome topics such as this health program. Although the team has since gone, Tambra has left the unused medicines with us to carry on the disbursements. Our first priority is to schedule strategic areas to administer the medicines where the gospel has not been accepted yet in hopes of giving us a foot in.

We wrote an appropriate script for a puppet team to tell the story of how germs affect us and how to prevent them from harming us. It was the first time Casa de Gloria ever experienced the behind the scenes of puppetry and were thoroughly excited. In fact, the whole health program motivated the church to be a witness for Jesus and get involved in their communities. Everyone looks forward to continue to bring the puppets and health program to the remote areas of San Andres and beyond. Thank you RN Tambra for sharing of your time, \$, and heart to touch the lives of those in Mexico with your obedience.

Allen and Doris Tyndall of Kannapolis, NC in September invited us to attend 5 days at a Mississippi Water Purification System Training camp sponsored by the Presbyterians. With the help from their church, First Concord Assembly of God Church in NC, they purchased two water purification systems that we were able to install in Tlaxcala and San Andres. We are in the process of finalizing the paperwork so we can begin to offer affordable potable drinking water to these two communities. With the hygiene classes the communities are learning the importance of using purified water and abstaining from contaminated tap water when brushing teeth, cooking, and caring for the baby plus the importance of maintaining clean hands at all times. It's easy to see how good hygiene practices will keep the doctor away.

# MEDICAL OUTREACH OPENS DOORS TO THE GOSPEL

We are excited about the door of opportunity that has opened to the gospel through the direct result of the medicine/hygiene class.. RN Nurse Tambra Cochran from Concord First Assembly of Concord, N. C. has traveled to many countries giving medicines to those in needs. She researched the need in our area, purchased the necessary tablets, took time off work, and came to fulfill the physical need of the local people in Mexico. She promised God she would bring his healing message and prayer to the world through her skills as a nurse, by bringing medicines and sharing her testimony of how God healed her son of blindness.

Over the 10-day visit we took the health program in many of the villages and were received with open arms and invited to return again. One village leader in particular gave us an open invitation. It was a moment local pastor Alejandro has been waiting for more than 7 years. He has tried over the years to raise up a church in this area and because of this health program, he has won favor and trust in their community.

Although the team has since gone, Tambra has left the unused medicines with us to carry on the disbursements and teachings. Our first priority is to schedule strategic areas to administer the medicines and classes where the gospel has not been accepted yet, in hopes of using the window of opportunity to reach the people with the gospel and someday plant churches.

The team brought and donated 5 precious puppets; so we wrote a cute evangelistic script for them to tell the story of how germs affect our bodies, how to prevent them from harming us in the future while ministering the free gift of salvation.
