GO YE... AND BAPTIZE...

This couple rededicating their hearts to God.

Unusual rain and cold temperatures didn't deter this church from going to the beach for a baptism & child dedication. The weather changed the day we went to the beach from being in the low 100's to dropping to around 65 degrees

added with rain and strong winds. But we made the most of a very cold,

DEMAND FOR H2O

As the temperatures sore into the low 100's, purified water sales are on the increase. The plant at the waterfall is doing a booming business. They are making on an average 110 gallons per day. As the word gets out in that community that prices

are cheap and the water tastes great, they are having trouble keeping up with the demand. During Easter Break, they made 375 gallons a day, selling 75 5-gallons jugs daily like the ones shown in the picture. The new water plant has provided enough finances for all

the school expenses of Pastor Brigid's children, his extensive travel needs as he overseas several area churches, and then some.

Brigido's son, Misial is earning his way through college by making and delivering purified water.

BRINGING HEALTH TO THE COMMUNITIES

Julie & Raul in a skit about contaminating your well both physically and spiritually.

Casa de Gloria has been busy spreading the good news and good hygiene to the surrounding communities. Over the Easter Break alone, we saw almost 400

people attend our health clinics. They heard informative talks about germs, parasites, amebas, how to practice good hygiene; proper hand washing techniques, as well as the importance of using purified water

tablets were dispersed to everyone in attendance to rid their bodies of harmful parasites received from lack or improper washing of hands.

in their daily lives. The youth sang songs, performed skits and entertained kids of all ages with puppets! After which Albendazole

BORDER TOWN ADVENTURE

Pat along with Pastor Brigido from the Waterfall Church took a van full of excited young women on an 18 hour ride up to Reynosa, MX for a three day Woman's Conference. Arriving at midnight, they sat to eat a light meal of hotdogs and scrambled eggs before retiring for the night at 2 AM. Wanting to beat the morning traffic heading across the border, Pat got up at 6AM. He ran a few errands, went

to Wal-Mart and made several phone calls to family and friends before deciding to catch a bus home for a few days.

He took advantage of the trip to bring some much

needed men's clothing, shoes, and a few bazaar items back with him. Pastor Brigido's church was broken into a few days before they departed and all his sound equipment was destroyed by a young fellow on drugs and alcohol. While at the border, he was blessed with another keyboard and amp. Everyone returned filled both inside; with the word of God, and out as the van was literally busting out of it's seams with rabbits, food, used clothing and the equipment mentioned above not to mention the 18 passengers! It was a very prosperous trip for all.

CONSTRUCTING MEXICO'S NATIONAL PRAYER WALL

We have close to 500 people representing 6 states in Mexico praying on the National Watchman Prayer Wall. Every month a prayer guide is written and distributed to the prayer warriors by email. The guide insures that everyone is praying in unison

and in unity. Matthew 18:19 states, "...That if two of you shall agree on earth as touching anything that they shall ask, it shall be done for them of my Father which is in heaven." With the

Alicia inputting the data for the National Prayer Wall on the computer.

Lord's help, we hope to have each of the 32 states in Mexico represented on the wall by the end of this year. This wall will unify the body of Christ, heal the land, and raise up a new standard of living in Mexico.

SISTERS RECEIVE ASSISTANCE

Thank you for the response to the plea of financial assistance for the sisters in La Barra. Ruth spent 15 days in the hospital in November before they sent her home not knowing what to do for her. We

suspect there might have been a hairline fracture that went undetected, since the new x-rays indicate that the bones in her leg aren't lining up. We believe

she bore her full weight of 45 pounds on her leg, breaking it completely. Nothing was ever done and the swelling never subsided but grew worse over the past 5 months. Her older sister Adaleidi was born with a hole in her heart. Over the years, they took her to doctors but due to a long list of excuses and circumstances, nothing was ever done to correct the problem. She gets winded often and her lips turn purple. Her heart is so enlarged that it makes her chest protrude. We are currently helping the family to see this operation through to frui-

tion. She has an appointment with the Heart to Heart Campaign in Veracruz on June 24th. . With the finances we received from our plea last month, we will set up a Medical Fund, so folks like this fishing community family can take care of their medical needs before things become extensive, complicated or too late. The New Medical Fund has given them hope when there was none. Anyone wishing to contribute to the Medical Fund now or in the future

may do so by designating so on their checks and follow the directions in the financial column on the back page.

CHI ALPHA ROCKS THE YOUTH IN S.A.T.

We sure did enjoy the students that came to San Andres Tuxtla, Veracruz from Sam Houston University. They made a lot of teenagers laugh. It was great to see young men and women of God evangelizing to their peers. They went into classrooms sharing the love & hope they have in Christ, had a movie night with a time of fellowship afterwards, then culminated their program with a Christian Rock Concert in the park. They were a bright light to this area. They get a 100% A+ in our

grade book! They may be our future missionaries. They were fun to be with and did our hearts good to watch them in action. Traveling to a foreign country to minister to the locals is one of the best lessons in life anyone can receive. Chi Alpha students are a very special group of kids. We wish to reiterate our thanks to them for taking time out of their busy schedules and money out of their pockets to come and minister to the youth of San Andres Tuxtla. They were a breath of fresh air to us and it was a pure joy to spend time with them. We hope

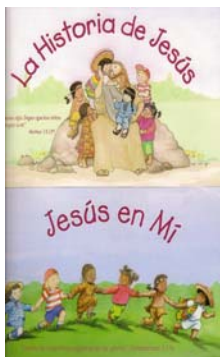

to see them next year here in tropical San Andres Tuxtla, Veracruz.

SPECIAL TOOLS IN OUR HANDS

Casa de Gloria has been blessed on several occasions by the ministry of Phil and Marianne Chain, Mexico Missions. They have brought us an abundance of Spanish Bibles and Promises of God booklets. It has equipped us to give these tools to other churches, and individuals as their needs arise. Recently a church in

Acyaucan heading on their first mission trip to Honduras; took a few boxes of these items as well as tracts, 9 bottles/ 100 tablets of Albendazole[used to rid body of parasites] plus some of the 2 book children's series The Jesus Story and Jesus in Me written and given to us by Don Hammatt of Baton

Rouge. It reminded me of stories in the late 1800's early 1900's when water buckets were passed hand over hand in a long line of neighbors as they pulled together to put out fires in their community. So these tools pass through our hands into our local city, state, other parts of Mexico as well as into the lives of those in Honduras! Thank you for allowing us to be your extended hands to Mexico.
