

# Lenten Journey Program

*Leading people with disabilities closer to Jesus*

## Why:

- Many with Disabilities cannot attend typical Parish programs.
- Parishes want to serve this population, but often lack trained educators.
- We bridge this gap, as all can attend this program.
- Our goal is to nurture Faith and strengthen Parish connections.

## What:

- 7 weekly lessons focused on enriching the Lenten experience.
- This course helps young adults with special needs learn about Lent, Holy Week, and Easter as part of God's story of love.
- A module of the Faith Journey program.
- Built on Loyola Press Finding God adaptive kit.

## Our Approach:

Lessons delivered virtually and are fully accessible.

Lessons are taught by a certified special educator.

All lessons are recorded for later review and replay.

All attendees are people with disabilities.

## Program Requirements:

- Candidates committed to enriching their Lenten experience, but unable to participate in typical Parish programs.
- Attendance at weekly lessons.
- Registration and nominal tuition fee of \$75.00.
