

RANKED CHOICE VOTING

Ranked-choice voting is *an attempt to create chaos* at the ballot box.

JUST SAY NO TO RANKED-CHOICE VOTING IN IDAHO!

Ranked-choice voting is the Left's scheme to undermine our elections by:

- Making the ballot **as confusing as possible**
- **Throwing away** the mis-marked or incorrectly marked ballots
- Instant runoff voting utilizes **computer algorithms** to calculate multiple rounds of ranking to come up with the "right" results that are **difficult to audit**
- **Undermining** faith in our elections

Protect our elections and our democracy for the next generation. **REJECT** the ballot initiative for Top-4 Primaries and ranked-choice voting!

Red state legislatures like Florida, Tennessee, Montana, and South Dakota have already banned this election scheme.
