# VEGAS News!

## Day 3: A Canvas of Adventure, Creativity, Speed and Discovery!

Day three of our **ACES VIP** journey brought a dynamic mix of high-energy thrills, hands-on creativity, and luxurious downtime, proving once again that there's no one way to experience Vegas!

The day started with a surge of excitement as guests ventured out across the region. Some of you embraced the desert terrain on an off-road ATV ride, while others took to the track for heart-racing laps in the Speed Vegas exotic car experience. For those who preferred a slower pace with scenic rewards, the Black Canyon River Float and the Hoover Dam Power Plant Tour offered breathtaking views and fascinating insights.

But that's not all... we added a creative twist to today's itinerary! Guests tapped into their inner artists at Majorwavez, customizing a pair of crisp white Air Jordan 1s into one-of-a-kind masterpieces. With imagination, and a little bit of flair, the results were as bold and unique as each of you.

Meanwhile, those looking for a more serene escape found bliss at the Wynn Spa or kicked back in comfort at the pool, because sometimes, the best adventure is no adventure at all.

Whichever path you chose, today was about doing Vegas your way. And behind the scenes, our planning team continued to craft each moment with care and precision—so all you had to do was enjoy every second.

## A Stunning Send-Off... Making *Memories*

### Night 3: Keep Memory Alive Center

Last night, we wrapped up our unforgettable ACES VIP trip in spectacular style at the stunning Keep Memory Alive Center, an iconic space that provided the perfect backdrop for an evening of reflection, recognition, and celebration.

From cocktails in the gardens to a gourmet dinner, decadent desserts, and a champagne toast, the night was filled with connection, gratitude, and joy.

We proudly honored our Diamond Sponsors, **Legrand** and **Siemens**, with their own VIP championship belts! We hope they wear them in true WWF fashion to celebrate the champions they are in our industry.

Colin Cloud wowed us all with mind-blowing mentalism (*seriously, how did he know all that?*) Can you believe he knew Caroline was a dog groomer, that he recited birthdays and zodiac signs of several of you, relocated the wedding ring, and added up room full of random numbers to spell out ACES Going Places - how cool was that?!

And, speaking of cool... what did you think of the custom light show? Modern day fireworks, the drones lit up the sky with custom designed images and messages. We hope you enjoyed John Marshall's head as much as we did! And, the spotlight on our Sponsors, and VIP Guests – was incredible!

The dazzling finale was the perfect place to end the **ACES VIP** festivities and let you know just how much we've enjoyed hosting and getting to know you even better in Vegas.

But most of all, we celebrated YOU—our amazing customers, partners, and team members. Thank you for being part of this 15-month journey. You are the key to what makes ACES truly unforgettable.

Congrats to Shane and David for their under one minute laps!  
Now that's some speed!
