Please note that an enhanced driver's license (Real ID/Gold Star) or passport (government issued photo ID) is now required for air travel.

Please keep in mind TSA rules for flights and pack your carry-on bags appropriately. Remember TSA's 3-1-1 rule for carry-ons = 3.4 ounce (100ml) bottle or less (by volume); 1 quart-sized, clear, plastic, zip-top bag; 1 bag per passenger placed in screening bin. One-quart bag per person limits the total liquid volume each traveler can bring. 3.4 ounce (100ml) container size is a security measure. If you have a disability or a medical condition, please go to the TSA website to learn more about the security process: <http://www.tsa.gov/travelers/airtravel/specialneeds/index.shtm>

Upon arrival at Wynn Las Vegas, you will be required to show photo identification to secure your keys for your room. Average high temperature in Las Vegas in June is 100 degrees. Average precipitation in June is 0". We recommend keeping this in mind as you pack for the trip. Indoor facilities are often kept cool, so you may want to include a light sweater.

Plan to attend the mandatory ACES evening events where business meetings will be part of the programming. Please be sure to attend all three evening functions as this qualifies the trip under the business meeting category and thus no 1099 is required. If you're unable to attend for any reason, please make sure that you have contacted Joan Davis, our trip manager at 703-403-7119 or by email at [EPICMeetings@gmail.com](mailto:EPICMeetings@gmail.com).

Business casual attire will be appropriate for the evening activities during the trip. For daytime activities, comfortable casual attire is appropriate. Some activities require closed toe shoes. Release waivers must be signed to participate in some activities.

You will be issued a name badge which is your entry verification for the events. You will also be given tickets for the activities with your confirmed time for departures. Please wear your badge when on ACES activities, but remove it if you are out on your own. The badges have a magnetic backing – if you have a pace maker or other medical device that might be affected by magnetic forces, please let us know so we can provide an alternate backing!

There is an Alexa device in your hotel room. It can be disabled if you are not comfortable with the technology. Directions to disable the device can be found next to the device (near the desk in your room). You can use Alexa to open/close drapes, turn on/off lights and television as well as set alarms, etc. There is also a tablet available in your room that controls all these items as well. You can use the tablet to get more information about the hotel, check TV guide, etc. If you are uncomfortable having a tablet device in your room, you may opt to place it in a drawer for the duration of your stay. There are manual buttons on the wall to manage lights and drapes.

## Terms and Conditions **FAQs** continued
