

VIRGIL TOWN RESIDENTS

Swimming Pools

If you are interested in or have purchased a swimming pool you must follow New York State swimming pool safety codes. Those residents that have purchased swimming pools in prior years must also follow the current and mandated codes. The Local Code Enforcement Officer will be visiting properties with swimming pools to ensure that the swimming pool safety codes are implemented and being followed. Please understand that these codes will be strictly enforced and they are for you, your family and your friends' personal safety. Please also understand that those swimming pools found non-compliant will be issued "immediate orders to remedy" in order to ensure that the safety standards are met. Residents can refer to the New York State Property Maintenance Code section 303 "Swimming Pools, Spas and Hot Tubs" to ensure their compliance or contact the local code enforcement officer at 607-835-6614.
