

Samuel Henry bio

It was noticed by Samuel's family that he was a very musical young man, easily picking up the guitar, bass, piano and any other stringed instrument that was in front of him.

Samuel met Honi and Jeff while playing music on the worship team at church and an immediate musical bond was formed. They noticed that not only was Samuel a great guitarist, but he was also a very talented singer. He started performing with Honi and DreamGrass in 2018 and has been a crowd favorite at every concert that they do. Although he is the youngest member of DreamGrass at the age of 19, Samuel Henry is definitely a name to remember as his talent is limitless.
